

SH-GIC-WT

- 4MP Ultra HD
- Wireless connection
- Remote active wake-up, two-way voice intercom
- Quick start, start recording within 400ms
- Intelligent detection of human movement, intelligent alarm push
- Low power system optimization
- Dual light source, full color day and night
- Low power and corded power compatible design
- **Autotracking**

Featuring wireless connectivity and remote active wake-up, this device offers quick start recording within 400ms. It supports two-way voice intercom and intelligent human motion detection with instant alarm push notifications. Its dual light source ensures full-color imaging day and night. Designed for both low power and corded operation, it also includes auto-tracking technology and delivers stunning 4MP Ultra HD resolution.
